The Science Spectrum Museum & OMNI Theater has been training, strengthening and challenging young minds for over 30 years! It would be an honor to have you as a sponsor at our second annual gala on Friday, February 3, 2023. We thank you for considering us in your 2023 budget and calendar. The generosity of your sponsorship will allow our non-profit museum to continue to provide science education through new exhibitions and programs.
We are so excited to chair the second annual Gala for the Science Spectrum. The Sportier Side of Science Gala will be held on February 3, 2023, and will include cocktails, sporty experiments, a seated dinner, silent and live auctions and an after party. Join us for some sparkle, pizzazz and a lot of fun to shake off the winter blues in your sequins and sneakers.

Last year’s Gala not only brought in much-needed funds for the Science Spectrum but also created awareness of the museum’s non-profit status. As a 34-year old non-profit in Lubbock, support from corporations and individuals is just as important now as it was in 1989.

The Science Spectrum has a different meaning and memory for every family. For some, it is a place to take little kids to burn off energy in the Lubbock Children's Museum. For others, it is an annual school field trip to explore every hands-on exhibit and is likely to be the only place they get to travel outside of their neighborhood. But did you know the Science Spectrum is also a technology playground, a mobile museum & zoo and a haven for sports enthusiasts of all kinds?

In 2022, thanks to donors like you, Science Spectrum has been able to fulfill our mission of bringing hands-on learning experiences to young people interested in STEM! The Science Spectrum has
- Visited over 60 schools, libraries, and community organizations so far this year
- Presented over 100 educational programs to over 106,000 students across West Texas and Eastern New Mexico.
- Unveiled the new Science of Sports exhibit.

We can't wait to showcase this new Science of Sports exhibit at our 2023 Gala. Be prepared to test your reaction time and reflexes against a computer, discover the bio-mechanics of making bodies move, and take the quarterback challenge: see the physics of how to throw a football exactly where you want it to go.

In 2023, the OMNI Theater will begin a substantial upgrade in HVAC and digital projection. Outreach programs and FabLab will need funding to expand all over West Texas. Lastly, upgrades and development of a future expansion of the Children's Museum will need support. To build the future of the Science Spectrum, we are asking for your sponsorship and attendance at this year’s annual Gala. Attached is a listing of sponsorship levels. Last year’s Gala was SOLD OUT, so contact Brenda Richardson NOW to secure your table. Contact her by phone, 806-745-2525, ext 229 or email brenda@sciencespectrum.org.

Whether you are 5 or 95, great discoveries await you at the Science Spectrum Museum and OMNI Theater. We look forward to seeing you at the Sportier Side of Science Gala on February 3.

Sincerely,

Melynn Henry & Kelsey Seger
Gala Chairs
SIR ISAAC NEWTON  Presenting Sponsor - $10,000
The Gravity Of Making A Big Impact In Science Education
- Two premium tables of eight
- Pair of tickets to the spring exhibit for each table guest
- Acknowledgement from the stage during the event
- Logo recognition on invitation, front cover of program, and signage at the event
- Logo recognition on social media, website, and quarterly newsletter
- One time use of the Exhibit Hall for Private Event. (6000 sq ft, 400 people occupancy)

MARIE CURIE  After Party Sponsor - $7,500
Stand Out Amongst Your Peers, And Let Your Impact Be Radioactive
- One premium table of eight
- Pair of tickets to the spring exhibit for each table guest
- Logo recognition on inside cover of program, invitation, and signage at the event
- Logo recognition on social media, website, and quarterly newsletter
- After hours access to spring exhibit for up to 50 guests

THOMAS EDISON  $5,000
Adding Light To Science Education One Light Bulb At A Time
- One premium table of eight
- Pair of tickets to the spring exhibit for each table guest
- Logo recognition on inside cover of program, invitation, and signage at the event
- Logo recognition on social media, website, and quarterly newsletter

ALEXANDER GRAHAM BELL  $2,500
Those We Can Call On! Let’s Make It A Party Line
- One table of eight
- Logo recognition in program and on signage at the event
- Logo recognition on social media and website
- Acknowledgment in quarterly newsletter
